BLACK ACETYL BAGPIPES

www.mccallumbagpipes.com

GUARANTEE

Your new set of **McCALLUM BAGPIPES** are guaranteed for a period of ten years from the date of purchase.

In the unlikely event of a manufacturing defect in your new set of **McCALLUM BAGPIPES**, its should be returned to:

McCALLUM BAGPIPES (for UK customers)

The original seller (for ALL customers outwith the UK)

Excluded from this guarantee are normal signs of ware and tear or damage caused by inappropriate use.

IMPORTANT

For this guarantee to be valid the bagpipe must be within 10 years of the manufacturing date as stamped on the bass mid joint pin, or alternatively, for bagpipes outside this period but within two years since the date of purchase, proof of purchase is required.

*All pipes supplied with a 10 year,
no quibble guarantee.*

NEW PRODUCTS FROM **MG REEDS**

Mk-II Drone Reeds

The tenor reeds have acceptance in a wider range of pipes and increased durability. The bass has been redesigned, accommodating a wider range of pipes and to give a slightly deeper, broader sound.

MG Carbons

These reeds incorporate the same successful carbon fibre tongued bass and have been matched with new carbon fibre tongued tenors to give an instantly steady set of reeds with a sound that is second to none.

MG Pipe Bag Seasoning

Based on an original recipe, our seasoning has been successfully developed and tested and used by myself, Rory Grossart, for many years. The ingredients in the seasoning will feed and preserve the skin, help to absorb moisture and keep the bag airtight.

MG Chanter Reeds

We have worked on the chanter reeds for quite some time now, obtaining feedback, putting them to trial, and testing them for ourselves. I am now confident the final designs will not disappoint. The reed has undergone many variations in order to obtain the final cut and staple design. Numerous suppliers of cane have been tried and tested from regions around the world and we have formed a close relationship with our growers to ensure that the cane we get is the best quality possible.

The reeds are available as either ridge cut or traditional moulded, with seamless brass or folded copper staples. The reeds have successfully lifted prizes in Grade 2 band competitions and in the Gold Medal solo competitions. They have proved to be balanced, reliable and stable.

All reeds available in sets or separately
